

CITY OF GREENVILLE, OHIO

GREENVILLE CREEK WATER MAIN CROSSING PROJECT

Addendum #1 – FEBRUARY 13, 2020

Addendum #1:

1. Bid Form Revisions - The following corrections are made to the Bid Form:
 - Item #638** – “**12” AWWA C-900 DR-18 Water Main, As Per Plan**” – The Unit changed from “**EACH**” to “**FEET**”. The Quantity of **202** is unchanged.
 - Item #638** – “**¾” Type K Copper Water Service Branch, As Per Plan**” – The Unit changed from “**EACH**” to “**FEET**”. The Quantity of **466** is unchanged.
 - Item #638** – “**1” Type K Copper Water Service Branch, As Per Plan**” – The Unit changed from “**EACH**” to “**FEET**”. The Quantity of **48** is unchanged.
2. Plan Revision - Sheet #4 – **The “Estimated Quantity” Table is revised to include the corrections to units, as stated above in Item 1.**

Clarification #1:

1. **Alternate Bid: Item SPEC.** – “**Replacement of Lead Private Water Service Line** - The Unit for this Item is to remain “**FEET**”, and the Quantity of **1** is unchanged. The purpose of this item is for the City to give homeowners a ballpark number for what a “Per-Foot” cost would be to replace a private service line. It is for informational purposes only for the homeowner, in the event the homeowner would want to have his or her private service line replaced by the contractor. This work would be performed in an agreement between the homeowner and the contractor, and would not be part of this contract. The actual price of the replacement would be negotiated between the contractor and the homeowner on a case-by-case basis.
